

Dear _____ / Area Landowner(s);

As a neighboring landowner interested in managing for deer and other wildlife, I wanted to invite you to a _____ dinner/meeting to discuss forming a QDM cooperative, which is a group of landowners and hunters working together toward common deer management goals.

Cooperatives have the potential to help landowners and hunters obtain goals that are difficult to achieve by a single landowner. Even if you do not share an interest in deer management, many management techniques will provide numerous benefits to other wildlife species, plus it is a great way to meet your neighbors and other local landowners and hunters.

Other possible topics discussed at the meeting may include subsidy programs available to landowners that help pay for some or all of your habitat work, a list of who to contact to get land management advice, as well as where you can get more free information on how to manage deer and other wildlife.

This meeting will allow you to:

- Get to know other local landowners and hunters
- Share your deer, wildlife, and habitat goals
- Learn more about the benefits of cooperatives
- Determine if you would want to join us in forming a cooperative

I hope you join us for an evening to meet your neighbors and discuss deer and wildlife management over a good meal. The meeting will be held at _____ on _____ from ____:00 - ____:00 p.m.

Please contact me if you can attend or are interested in learning more about being part of the cooperative and bring your family and hunting partners!

Sincerely,
